

GENERALE DE SANTE FOUNDATION INTERNATIONAL PRIZE 2015 FOR RESEARCH IN CELL THERAPY AND REGENERATIVE MEDICINE

IN PARTNERSHIP WITH THE FRENCH ACADEMY OF SCIENCES

UNDER THE PATRONAGE OF THE FRENCH MINISTRY OF EDUCATION AND RESEARCH

CALL FOR APPLICATIONS

The Générale de Santé Foundation awards the International Prize 2015 for Research in Cell Therapy and Regenerative Medicine. This prize rewards scientific excellence in the field of tissue regeneration.

A total of **€100,000** is awarded to two categories:

- **Prize for fundamental research**, awarded for advances in scientific knowledge (**€50,000 total**: €10,000 for the winner and €40,000 for their research team);
- **Prize for translational and clinical research**, awarded to accelerate the transfer of preclinical results into patient benefit (**€50,000 total**: €10,000 for the winner and €40,000 for their research team).

ELIGIBILITY

Candidates can only compete in one prize category. Maximum age for candidates the year the Prize is awarded: 60.

Applications are reviewed by an independent jury chaired by the Secrétaire Perpétuel of the French Academy of Sciences. In addition to scientific excellence, the jury takes into consideration ethical implications and potential impacts on public health.

APPLICATION REQUIREMENTS

Candidates must submit:

- The application form completed online (see below)
- An executive summary of the application completed online (3 pages max.)
- The candidate's curriculum vitae (1 page max.)
- One or two supporting letters of recommendation sent by the authors directly to the Secrétaire Perpétuel (see address below)
- The scientific project and its main results (5 pages max.)
- A list of 20 representative publications (1 page max.)

SUBMISSION

The application form can be filled online.
